Who Should Attend: This session is designed for SLPs, OTs, Gen. Ed. Teachers, Spec. Ed. Teachers, Parents, Paraprofessionals, Social Workers and Administrators.

What Is It? This workshop will provide practical strategies & resources to support effective AAC implementation in the school setting. Participants will learn with a “toolbox” of strategies & resources that can be used to support day-to-day language instruction. Topics will include integration of vocabulary & language supports within regular & special education settings, generation of IEP goals & objectives based on developmental language norms, strategies for supporting reading & writing skills, as well as ways to help families support their children’s language use at home.

Outcomes
Participants will be able to:
• describe at least 3 engaging lesson plan ideas that can be used to support various language targets for AAC users.
• explain how predictable chart writing can be used to support literacy and device use.
• name two resources that can be used to support development of appropriate goals and objectives for AAC users.
• describe two strategies that can be implemented to support parents’ ability to model AAC use at home.
