Universal Design for Learning and Students with More Intensive Support Needs

Facilitated by: Joy Zabala — Ed. D.,

May 9, 2018
8:30 AM - 3:30 PM
UCP Seguin/Infinitec Southwest
7550 West 183rd Street
Tinley Park, IL 60477

RESERVED FOR ALL INFINITEC COALITIONS

Who Should Attend: This session is designed for SLPs, OTs, Gen. Ed. Teachers, Sp. Ed. Teachers, Parents, Paraprofessionals and Social Workers.

What Is It? When goals, assessment, methods, materials & methods are proactively designed and delivered according to the principles and practices of UDL, barriers to learning are lowered for most learners, but what about learners with more intensive support needs? This session will build upon the firm foundation of UDL to concentrate on identifying and lowering barriers that some learners with more intensive support needs continue to experience. Interactive discussion & shared reflections will focus on practical strategies, services & supports – including accessible technologies & materials – that can be used to level the learning field & extend the benefits of UDL to every student.

Financial Disclosure: Joy Zabala is being paid an honorarium and travel expenses for this presentation.
Non-Financial Disclosure: Joy Zabala has no relevant nonfinancial relationships.

Outcomes

Participants will be able to:

- list the three principles & four curricular areas of Universal Design for Learning.
- explain the convergence of UDL and special education services.
- compare and contrast accessible technology and assistive technology.
- define five characteristics that increase the accessibility of digital educational materials.
- locate resources to learn more about UDL, AT and AEM.

Scan & Email Registration Form to: Julie Hoadley (jhoadley@nsseo.org) by May 2nd

If you have any registration questions, please contact Julie Hoadley at (847) 463-8131.
