

Northwest Suburban Special Education Organization

Student Authorization **for Network Access**

Students have the privilege to use the Northwest Suburban Special Education Organization's computer workstations in order to facilitate educational growth in technology skills, information gathering skills, and communication skills. These workstations may provide access to the Internet.

I have read the **Network Access Agreement**. I understand that access to the Internet is designed for educational purposes and that NSSEO has taken precautions to eliminate controversial and inappropriate material. However, I also recognize it is impossible for NSSEO to restrict access to all controversial and inappropriate materials. I will hold harmless the Northwest Suburban Special Education Organization, its employees, agents, and/or Board members for any harm caused by materials or software obtained via the network.

I have read this document and agree to abide by it, and to uphold my responsibilities as a student user of NSSEO computers and networks.

I further understand that failure to follow NSSEO's rules and regulations regarding permissible computer use as outlined in the **Network Access Agreement** will result in the loss of privileges, disciplinary action and/or appropriate legal action.
