

Creative & Flexible Day Services Panel

Provider and Parent Networking

WHO IS THIS FOR?

Parents/caregivers of students attending NSSEO programs (Kirk School, Miner School, the Riley Program, Timber Ridge School or the Deaf and Hard of Hearing Programs) or member district (D21, D23, D25, D26, D57, D59, D211, D214) special education programs.

The true indication of an effective educational process is a student's post secondary success as a contributing member of society. All students need to have access to high quality standards based instruction, information about career options and exposure to the world of work, opportunities to develop social, civic and leadership skills, strong connections to caring adults and support services that promote independence.
